BOIL WATER ADVISORY LIFTED

TO RESIDENTS OF 2ND AVENUE AND ROY AVENUE, BETWEEN 2ND AVENUE AND DAWSON AVENUE

Following positive test results, the water in the distribution network of your area is potable. Effective immediately, you may resume normal water use.

Now that the **boil water notice has been lifted**, it is recommended to let the water run from all taps and public fountains at full capacity for approximately 5 minutes in order to prevent possible future contamination.

We apologize for any inconveniences this situation may have caused. Thank you for your cooperation.

Mathieu Trépanier-Desjardins, eng.

Project Manager
